

Did you know? Submitting Cytologies

- Phoenix not only offers the popular Mini-Histo, but also offers Mini-Cytology testing (same interpretation and comments; no microscopic description). Mini-Cytologies cost less than regular cytology samples, while allowing the same number of slides and sites to be submitted.
- The number of slides submitted per cytology case (either regular or mini) is your choice. Phoenix does not charge for extra slides over the 3-5 that are normally submitted.
- Always remember to label every slide, especially if different sites or multiple lesions are sampled and allow the slides to dry completely prior to packaging. If you ever have any questions, please don't hesitate to call us at the lab.
